Dear valued Guest,

We strive to deliver the most comprehensive oil change in the marketplace. With extensive experience servicing a wide variety of vehicles our technicians will inspect your car's fluids and other critical systems of your vehicle. Premier uses a combination of manufacturer mileage intervals as well as our own service recommendations that meet or exceed the manufacturers requirements. During your service our technicians will offer numerous product and services that are beneficial to your vehicle. Please do not feel pressured during this process. Our philosophy is simple, we do not sell a service that is not needed. Many automotive service providers pay commission to their employees, we do not. We will not sell or suggest any service that is not needed.

Please feel free to contact me if you have any questions, comments or concerns.

Thank you for choosing Premier Oil Change.
